BRIAN MUTHOKA MAWEU

OBJECTIVE

A motivated IT graduate with a strong background in software engineering, web development, and mobile app development. Seeking a position where I can apply my knowledge in software development, problem-solving, and teamwork to deliver impactful solutions.

SKILLS & ABILITIES

- Programming Languages: Python, PHP, Kotlin, JavaScript, HTML, CSS
- Frameworks & Tools: Jetpack Compose, Android Studio, XAMPP
- Databases: MySQL
- Version Control: Git, GitHub
- Other Tools: Visual Studio Code, Postman, Docker

EXPERIENCE

Intern
Kericho Hospital – IT Department
May – September 2023

- Assisted with maintaining hospital management software.
- Provided IT support and troubleshooting for staff.
- Worked on minor coding projects, including system updates and bug fixes.

Personal Projects

- **KRH E-Appointment System**: Created dynamic websites using Python (Django) and MySQL with XAMPP as the local development server.
- **ChatApp**: Developed a chat interface with message bubbles using Jetpack Compose.

EDUCATION

Bachelor of Science in Information Technology
Kenya Highlands University, Graduation: 2024

- Graduated with a solid foundation in software engineering, database management, networking, and mobile app development.
- **Final Year Project**: Developed an e-commerce platform using Python (Django) and integrated the Daraja payment gateway for payments.

COMMUNICATION

- Delivered technical presentations to non-technical stakeholders, receiving positive feedback for clarity and engagement.
- Effectively communicated and collaborated with team members during group projects and internships.
- Successfully conveyed complex technical information to hospital staff during the internship at Kericho Hospital.

CERTIFICATIONS

- AWS Certified Developers –Associate –Beneficial for working with cloud –based backed systems.
- Google Associate Android Developers- For validating my android development skills.
- Microsoft certified for communication between student, university staffs and Microsoft heads.
